

Death By China

Confronting the Dragon - A Global Call to Action

by Peter Navarro and Greg Autry Price: \$14.72 at Amazon

China is now the #1 danger facing America. Best-selling author and economist Peter Navarro exposes every form of "death by China"—from lethal products to espionage, imperialism, and nuclear proliferation through China's relentless attack on the U.S. economy. A must-read book for every American, by the best-selling author of *The Coming China Wars*.

From the Back Cover

"Like a modern-day Paul Revere, this book offers the most urgent of warnings about how China is systematically destroying the American economy under the false banner of 'free trade'—and in the process, severely weakening our national defenses."
—Ian Fletcher, Senior Economist, Coalition for a Prosperous America

"The authors rightly and squarely point the finger at all of the corporate turncoats and China apologists in America who are helping to make China's rise anything but peaceful."
—Alan Tonelson, Research Fellow, U.S. Business and Industrial Council, [AmericanEconomicAlert.org](#)

"A high-powered rifle shot that hits the Beijing bull's-eye dead-on."
—Dylan Ratigan, host of MSNBC's *The Dylan Ratigan Show*

"Death by China is further proof that we are sowing the seeds of our own demise.... This book is shocking and is a must-read for all."
—Paul Midler, author of *Poorly Made in China*

"This clarion call carefully researches and intricately details the clear and present dangers that anything but 'peacefully rising' China poses to the world."
—Congressman Dana Rohrabacher, 46th District (Rep, CA)

"This liberty bell of a book should shake American leaders out of their slumber so that they finally—finally—realize that China's economic policies are bankrupting the United States of America."
—Richard McCormack, Editor and Publisher, *Manufacturing & Technology News*
